Eric,

Thank you for taking the time to call me back. I look forward to talking more in the future.

HYSA would like to add a shed to the southwest corner of the main parking area. This shed would not exceed 12'x14'. Our request includes moving the current dumpster location 15 feet to the east. This proposal would result in a net loss of 2 parking stalls.

Our intent is to use this shed to store additional training tools for our players. With a storage location that is accessible by all of our coaches we can reduce the number of items that need to be purchased, as the items can be shared.
