 Project Number: 22170
 Sheet Number: [REDACTED]

This concept allows for Field 1 to be raised, flipped, and turfed, while upgrading Field 2 and the T-Ball field. Additional parking is added, as well as new playground equipment (that is shaded), a new sport court (basketball) and a new and upgraded skate park. Additionally, this concept fits within the \$3.9 million budget set by the Local Option Sales Tax question on the ballot.
