

October 15, 2024

Dear Residents of Hermantown,

The City of Hermantown has completed and submitted our service line materials inventory to the Minnesota Department of Health. The service line inventory is publicly available, and you can check the materials for your service line by visiting the Lead Inventory Tracking Tool (LITT) at <https://maps.umn.edu/LSL/> you may also contact us at 218-729-3600.

To complete the service line inventory the utility director reserched historical records, used St. Louis County's database, and made several on site inspections of existing service lines. As of 10/17/2024 our inventory contains 0 lead, 0 galvanized requiring replacement, 0 unknown material, and 2360 non-lead service lines.

Thank you for helping this process be a success.

A handwritten signature in black ink, appearing to read "Trish Crego". The signature is fluid and cursive.
